#### Overview

*The Degree of Royal Ark Mariner, although worked under the authority of the Grand Lodge of Mark Master Masons, and requiring every candidate to be a Mark Master Mason, has no historical connection whatsoever with that Degree , it stands entirely alone and totally unrelated to any other Degree in Freemasonry.*

*Elevation into the Royal Ark Mariner Degree commemorates the providence and mercy of God and relates to the legend of the Deluge.*

*The content of the ceremony is taken directly from The Bible and is naturally both beautiful and instructive.*
